

Airport Manager's Report October 16, 2019

- 1. Tree removal for BOA**
 - a. Bullpine Tree Services was out to review scope of work needed**
 - b. Will be out next week to identify trees to remove and determine what properties we will need to contact.**
- 2. M&W hangar door trim is loose and was preventing the doors from closing all the way. A temp. fix is in place and have contacted the door people to send a tech to properly repair the doors.**
- 3. North hangar door trim was blown off and we are in the process of repairing that ourselves.**
- 4. Cutting edge for the big snow pusher box is in and on. All snow equipment is up and running.**
- 5. Received one-ton bag of the NAAC FAA approved runway deicer. \$3170. At recommended application rate 1.8 bags is needed to do 13\31 once.**
