Task Order #5 – Construct T-Hangars

- Delta provided a draft of the ADA letter for review (included here with this email, too)
- Please indicate any remaining hangar punchlist items.
- I have the floor coating invoices (\$749.36) – these may need to be paid from the “surplus” LSA funds reserved for Administration costs. Need to coordinate with Greg.
- Delta has closeout paperwork for Dave to sign – may need to email it.
- Grimm has requested release of their remaining \$20,000 retainage. It appears they have provided all documents needed and the punchlist is complete.
- Delta to prepare record drawings and final project report.

Task Order #6 - Snow Removal Equipment Building (SRE)

- Delta is proceeding on the design of the 4-bay building.
- The plans will indicate the FAA and non-FAA work for bidding and cost tracking purposes.
- PP&L has indicated the building can re-use the power from the T-hangar building.
- Delta & Rettew had a progress call with the MCCD on December 15; uneventful and no change in how we were proceeding.

Task Order #7 - Fuel Farm (ADP-2019-PMMAA-00034)

- Delta is proceeding with the Design.
- Delta provided additional information to Michelle Bisbing on the LSA application.
- Delta & Rettew had a progress call with the MCCD on December 15; uneventful and no change in how we were proceeding.

Other Items

- The \$69,000 CARES Act grant is in place. Once the Authority has costs to submit against this, Delta will coordinate their reimbursement in DotGrants. Per the BOA, costs for crack sealing and remarking ARE eligible.
- I noticed on Google Maps there are 60 reviews posted for Vlad’s air tours with 99% of them 5 stars and some very, very good reviews written. He appears to be providing very good service to the community. Thought you might like to know.
